

JOB DESCRIPTION

JOB TITLE: Assistant Director, Technical Services
DEPARTMENT: Technical Services of South Sound 911
REPORTS TO: Deputy Director, Support Services
EEO job category 1.2–Officials and Managers

SUMMARY:

As part of the Support Services Division, and under the direction of the Deputy Director, Support Services, the Assistant Director of Technical Services is a highly responsible professional position with oversight of a major division of South Sound 911. This position plans, organizes, manages and reviews the operations and activities of the Technical Services Division of South Sound 911; trains, supervises and evaluates assigned personnel; develops and implements administrative policies and procedures; assures that satisfactory services are provided to the public and user agencies; promotes the mission and vision of South Sound 911; represents or acts in the absence of the Deputy Director, Support Services as directed. The position requires a varied work schedule to accommodate the needs and demands of 24/7 public safety organization.

ESSENTIAL FUNCTIONS:

Oversee, organize and direct the operational functions and activities of the Technical Services Division.

Select, train, supervise and evaluate assigned personnel; recommend or administer disciplinary actions as appropriate. Assist in recruiting, onboarding and employee development.

Formulate, revise and implement policies and procedures to facilitate or improve operations and improve services to user agencies. Evaluate the organization's technology use and needs and recommend improvements, such as hardware and software upgrades; stay abreast of advances in technology.

Coordinate activities with County, City and agency departments and personnel, user agencies, governmental agencies and other outside organizations.

Develop, implement, enhance and maintain various technical systems; prepare operations manuals for staff and user agencies. Develop, review, update, approve and implement training materials, manuals, and Standard Operating Procedures.

Prepare budget proposals; forecast, monitor and control expenditures; evaluate and recommend the purchase of equipment and materials as appropriate.

Review project plans to plan and coordinate project activity; manage assigned projects and project budgets. Align the agency technology resources with the organization's short-term and long-term goals.

Attend and chair various meetings; serve as management representative at meetings, on committees and during contract negotiations as required.

Compile and analyze statistics, information and data to evaluate, develop or modify present procedures and policies and future plans, goals and objectives.

Maintain or oversee the maintenance of various records and files related to division operations and activities; assure confidentiality of department records and information.

Provide technology information, advice and direction to user agencies regarding applicable laws, rules and regulations and related matters, provide technical information and assistance to citizens as requested.

Compile information and prepare reports concerning Technical Services Division activities as required; review reports prepared by other personnel.

Monitor division operations to assure compliance with applicable federal, State and local laws, rules and regulations, policy and standard operating procedures. Develop and enforce Information Technology (IT) standards in line with industry best practices.

REQUIRED ABILITY, KNOWLEDGE AND EXPECTATIONS:

Knowledge of protocols, practices and techniques of public safety communications.

Knowledge of call receiving and dispatching techniques, practices and procedures.

Knowledge of communications systems and equipment to include radio, 911 and business telephone systems, Computer Aided Dispatch (CAD), Records Management System (RMS) and secured network infrastructure.

Have a working knowledge of public disclosure laws.

Knowledge of principles and practices of public administration, supervision and training.

Maintain current understanding of applicable financial and budget laws, codes, regulations, policies and procedures.

Work confidentially and with discretion, and maintain a professional demeanor while resolving emotional issues with personnel at all levels of the organization.

Ability to flex work schedule to various days of the week and times of day, to accommodate the technical needs and demands of 24/7 operations.

Fluent use of the English language.

Understand and follow written and verbal instructions.

Understand and interpret complex rules and procedures.

Read, interpret, explain, apply and follow applicable laws, ordinances, codes, regulations, policies and procedures.

Work appropriately with confidential material and information.

Work with speed and accuracy.

Proficient with standard suite of Microsoft Office software and database applications, fax machine, and phone system.

Exercise a high degree of independent judgment in problem solving and decision-making.

Organize work with many interruptions and multiple tasks to meet schedules and timelines.

Communicate efficiently and effectively both orally and in writing using tact, patience and courtesy.

Maintain cooperative and effective working relationships with others.

Analyze situations quickly and adopt an effective course of action.

Maintain regular and predictable attendance.

Follow safety rules and regulations.

QUALIFICATIONS:

Graduation from an accredited four-year college or university with emphasis in business, public administration, information technology or a related field and five years of progressively responsible management experience. Prior administrative management experience in a consolidated 911 dispatch or public safety agency is highly desired.
